**Subject:** Dewey Burdock update for Callie at 2pm

I talked with Douglas and Valois, and they'll update Callie on the following items today:

1. Powertech's response on the current source issue for the well inside the AE boundary
2. The ponds issue and subpart W that I discussed in staff meeting yesterday
3. Update on ESA
4. Update on NHPA (nothing new on this, so Mike won't need to attend)

They do not need me to call in. Let me know if you need anything

- Lucita
